

1 & 3-Mile Walk Routes

From the gathering area, proceed west and follow the protected lane. Stay in the protected lane as it curves south and then turn right and follow the roadway north. When the roadway turns west, walk west across the plaza until you reconnect with the roadway at the north side of the plaza. Follow the protected lane in the roadway that travels north until it dead ends. Turn and proceed east (again using the protected lane) until the roadway turns right (south). Cross the plaza south until it re-joins the roadway. Turn left and proceed on the marked route. **COMPLETION OF THE 1 MILE LOOP.**

Those who wish to complete a 3-mile circuit should continue and follow the gravel pathway until it intersects with the paved path heading north. Follow the paved path as it loops around the shed buildings until it re-joins the gravel path. Turn right and proceed west through the archway. **Complete this loop twice to reach a combined distance of 3 miles.**

Questions pre-event? Please contact us at 312-476-6625 or chicago.heartchallenge@heart.org

If you need assistance the day of event, please visit our Volunteer tent or the Financials tent and one of our volunteers will be happy to help.
