Heart Walk.®

# CELEBRATE SURVIVORS.

*Heart disease and stroke survivors are the heart of Heart Walk.*

Survivors are given **COMMEMORATIVE RED OR WHITE BALL CAPS** to wear during the Walk to show their triumph over heart disease or stroke.

To celebrate our child Heart Heroes we offer special **SUPERHERO CAPES** for young survivors.

A memorable moment is created in the **SURVIVOR LANE**, a special area where volunteers celebrate Survivors as they cross the finish line.

*Check with your local staff for more specific information on additional recognition.*
