RECRUIT AND ENGAGE TEAM MEMBERS

Thank you for being a Heart Walk Coach! Many people will be eager to lace up their shoes and join you on your mission to cure heart disease and stroke. Here are some tips to help you recruit your Heart Walk Heroes!

Have a plan: make a list of who you want to join your team!

Download the Heart Walk App: You can use the app to send messages to recruit your team members—it's so easy!

Visit your Heart Walk Headquarters: Build a team webpage complete with your personal story and pictures from a past Walk or someone who your team is walking in honor of.

Who will be the STAR of your team? Identify a breakout fundraiser for your team. Ask them to set a goal of \$1,000 or more, this could even be you!

Follow Up: Sometimes it's key to ask again. If you don't get a response the 1st time make sure to follow up with a friend, business or group to help grow your team.

Teach: Once you have recruited a volunteer it's important you teach them how to do the same. This makes it easier for you to grow your team. We all know volunteers are the key to our success.

Offer Support: Knowing that you will help a team member to no end will often be enough to get someone to join your team. Let them know you are going to help them every step of the way!

Get Excited: This isn't work, this is fun! This is an opportunity to make a new friend or to help and energize others!

Motivation: Everyone needs a little motivation every now and then. Explain why Heart Walk is important to you and your story as to why you are involved. You could help others find their motivation to participate.

Build Relationships: Throughout the year, stay in touch with your team members! Send a birthday or holiday card to let them know that you care. Year-round communication about Heart Walk will help keep your team growing strong.

ABC: Always Be Closing! Every interaction is an opportunity to recruit a new team member! Don't lose your chance because you didn't want to impose! Make the ask!

Host a Heart Walk Happy Hour: Invite friends, family, co-workers and your neighbors for an early morning or evening walk. They will have fun and start the brainstorming with you to make this year a success!

WHO MAKES A GREAT WALKER?

- Who has been personally impacted by heart disease or stroke?
- Who is a champion for a healthy lifestyle?
- Who is new in your department? In your neighborhood?
- Who will be your team's Top Walker raising \$1,000 or more?

MOVE MORE CHALLENGE

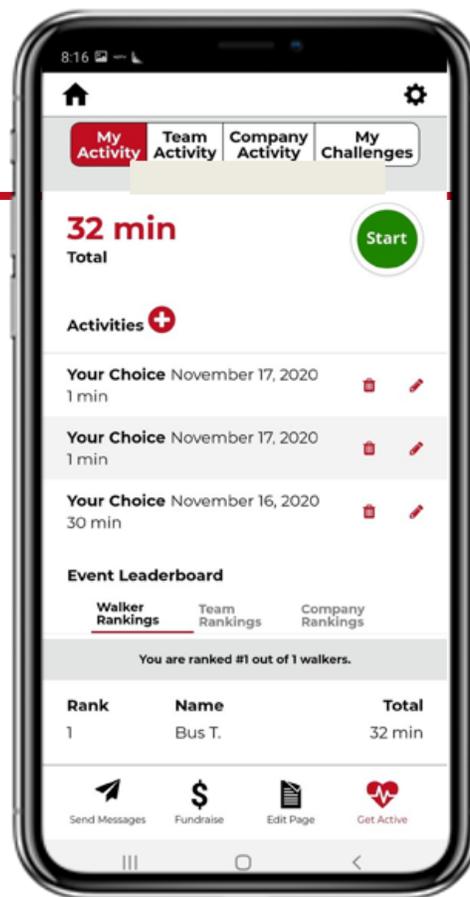

Move More Activity Challenge: Begins on 4/22/22.
Track your minutes in the Heart Walk app!

READY. Download or update your Heart Walk app and get registered.

SET. You have 30 days to log your minutes. See if you can reach 150 minutes a week!

GO. Any activity you track, counts! You can walk, dance or even vacuum to stay moving.

CELEBRATE. Keep an eye on your leaderboard. Top fundraisers *and* movers will be recognized on Heart Walk day!

Troubleshooting the Activity Tracker:

Walkers who are participating in the challenge need to authorize Boundless Motion to retrieve your activity data in the Heart Walk App. They can do this by navigating to Settings and turn on ALL categories

If you **DO** have an Activity Tracking Device: If your current tracking device, such as an Apple Watch or Garmin, is connected to either Apple Health or Google Fit, your historic activity data will automatically be retrieved in the Heart Walk app during the 30-day challenge window.

If you **DO NOT** have an Activity Tracking Device: You can record your activity from within the HW app by clicking the green "Start" button. When you are done with your activity/workout, you must press the red "Stop" button to save your workout. If you forget to track an activity with a device, you can manually add your activity by clicking the "plus" button next to activities.

Technical Support: If you are having any technical issues within the app or the Activity Tracker our vendor Boundless is here to help directly through the app. Navigate to the upper right-hand corner and click on the gear shift button. Scroll down and click on "Need App Support" You can then click on "New Support Ticket" to submit to Boundless.
