TOP TIPS FOR A WINNING STEPS CHALLENGE

Ready to get a step ahead? Here are some ways to make your step challenge a BIG success. **Remember the tracker will go live 30 days before your event.**

Recruit Walkers

Make sure all your coaches and walkers are recruited before Step Challenge begins and they have downloaded the Heart Walk app so their steps count!

Set the Goal

Rack up the steps with a company goal. Just a 20-minute walk is about 2,000-3,000 steps. Imagine if you all walked 1 million steps together!

Make a Match

Inspire your teams to move more with a company Movement Match, like \$1 for every 100 steps.

Spread the Word

Get everyone in the game! Teams can get healthier together AND stay connected.

Start at the Top

Sign up your CEO and other executives. If your leaders are in, your employees are more likely to be in too.

Cheer Them On

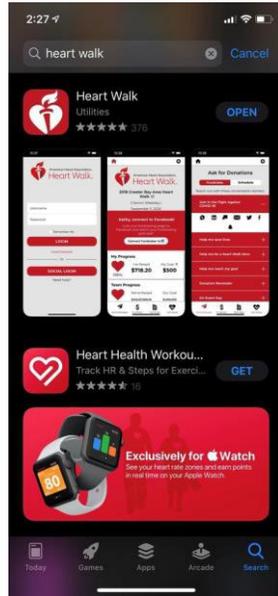

Send a weekly email to congratulate all your walkers and update them as your company climbs the leaderboard. (And watch everyone's competitive spirit come out!)
