FAQs

HOW IS A WEBSITE CREATED FOR ME?

Once you have committed to host a Virtual Field Day event, your American Heart Association Staff will gather information from you to launch your website.

HOW DO TEAMS EARN POINTS TO WIN?

There are two ways to earn points:

- Compete in Virtual Field Day games – teams will earn points in each of the challenges/games that are tallied each week and released in a leaderboard
- Fundraising Bonus Point Challenge – for every \$50 raised, teams will earn one bonus point.

HOW DO TEAMS KNOW WHAT CHALLENGES TO PARTICIPATE IN?

Each week the Company Leader will email all participants with the new challenge to share how the team can earn points for that week. In weeks 2-4 a leaderboard will also be included in the weekly email to spark friendly competition.
