# HELPING HEARTS

## Chace

Survivor, 3rd Grade

Chace was born with a congenital heart disease called Tetralogy of Fallot and underwent surgery at just 2-weeks old. The surgery caused several development delays and Chace was not able to eat by mouth until he was four years old. Although he will need another surgery as an adult, Chace is doing much better and does not have any limitations. He enjoys swimming, soccer, and acting.

THE KIDS HEART CHALLENGE FUNDS RESEARCH THAT HELPS KIDS, LIKE CHACE, HAVE LONGER AND STRONGER LIVES. YOUR SUPPORT HELPS FAMILIES LIKE CHACE'S HAVE HOPE AND FOR THAT THEY ARE SO GRATEFUL.

TOGETHER, WE ARE CREATING A WORLD OF LONGER, HEALTHIER LIVES.
