

OUR FAMILY OF CARDIAC EXPERTS CAN HELP YOU AND YOUR FAMILY STAY HEALTHIER

When it comes to your heart health, having access to comprehensive, lifesaving cardiovascular care can make a critical difference. The cardiac teams at the four medical centers of Hawai'i Pacific Health offer the latest in expertise across a wide range of heart and vascular services for every stage of life. From prevention to diagnosis to treatment – regardless of lifestyle – you can expect cardiac care from our medical centers and specialists that is recognized as among the nation's best.

Dedicated to providing the highest quality of cardiac care to every patient – for a healthier you.

KAPI'OLANI MEDICAL CENTER FOR WOMEN & CHILDREN

Kapi'olani teams with leading pediatric cardiac specialists from Lucile Packard Children's and Rady Children's Hospital-San Diego and community physicians to perform some of the most technologically advanced pediatric heart procedures available. The team assembles at Kapi'olani during Heart Week, held five times a year, to perform these lifesaving procedures, sparing families the stress and anxiety of traveling to the mainland. **For more information, talk with your pediatrician.**

PALI MOMI MEDICAL CENTER

Pali Momi Heart Center has the largest and most experienced cardiac team in Central and West O'ahu and the only interventional cardiac catheterization unit providing lifesaving treatment in emergencies to those communities. Pali Momi's commitment to the latest treatment options and innovative technology makes them a leader in cardiac care. The team of highly trained cardiologists and cardiac experts offer a depth of expertise across a range of cardiac conditions from coronary and structural heart disease to arrhythmias and heart failure. All heart surgical procedures are performed using minimally invasive techniques, offering less discomfort and a faster recovery.

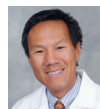

For more information, call 808-485-4553.
