Tracking Your Activity!

You DO have an Activity Tracking Device

If your current tracking device, such as an Apple Watch or Garmin, is connected to either Apple Health or Google Fit, your historic activity data will automatically be retrieved in the HW app.

You DO NOT have an Activity Tracking Device

You can record your activity from within the HW app by clicking the green "Start" button. When you are done with your activity, you can press the red "Stop" button to save your workout. If you forget to track an activity with a device, you can manually add your activity by clicking the "plus" button next to activities.

Technical Support

If you are having any technical issues within the app or the Activity Tracker our Vendor Boundless is here to help directly through the app. Navigate to the upper right hand corner and click on the gear shift button. Scroll down and click on "Need App Support" and then you can then click on "New Support Ticket" to submit to Boundless .
