

JP Survivor

After JP was born, he was diagnosed with a heart condition and was given a pacemaker to help his heart feel better. He makes sure to take all his medicine and regularly visit the doctor for checkups. JP believes that everyone should exercise to keep their heart healthy. He is passionate about Kids Heart Challenge/ American Heart Challenge because he wants to help kids like him. He was even the top fundraiser at his school and is happy to be making a difference!

The Kids Heart Challenge and American Heart Challenge funds research that helps kids have longer and stronger lives. Your support helps families have hope and for that they are so grateful.

Together, we are creating a world of longer, healthier lives.
