

# Lillianna Advocate

Lillianna loves to sing, dance, and swim with her family. She is passionate about educating others on how to stay healthy and learn CPR. She wants people to know that the American Heart Association can help save your loved ones. Without it, many people would not be here. Lillianna encourages everyone to participate in Kids Heart Challenge/ American Heart Association to help raise funds so people who are born with special hearts can still live a long, healthy life.

**The Kids Heart Challenge and American Heart Challenge funds research that helps kids have longer and stronger lives. Your support helps families have hope and for that they are so grateful.**

**Together, we are creating a world of longer, healthier lives.**
