

Noah

Survivor

Noah was born with three heart defects. He had two heart surgeries as a baby, and although he does not remember the surgeries, he remembers his awesome doctor. Now, Noah is very active and enjoys playing basketball, riding his scooter, and rollerblading. He eats healthy food and encourages his family to stay active too. Noah wants people to support Kids Heart Challenge/American Heart Challenge to help kids like him have a healthy heart.

The Kids Heart Challenge and American Heart Challenge funds research that helps kids have longer and stronger lives. Your support helps families have hope and for that they are so grateful.

Together, we are creating a world of longer, healthier lives.
